WORK EXPERIENCE

PAIX TECHDOM - Lagos, Nigeria

- Developed and maintained 6+ websites and web apps.
- Debugged and optimized code for performance and scalability.
- Conducted web design and collaborated with clients to meet project requirements.
- Utilized Git for version control and code management.

PROJECTS

1. **Onidson Travels and Logistics Ltd** onidsontravels.com
   - Developed a website for the travel agency, highlighting their services, aviation courses they offer about the company and integrating a contact form to receive customer requests.
   - Currently working on a travel booking web app to be integrated into the site.

2. **Saculiet Driving School** saculietdrivingschool.com
   - Developed a portal for organizations to verify the certificates of the students of the driving school.
   - Additionally, I designed a landing page and a gallery page displaying images and pictures of the driving school, enhancing its online presence and engaging potential students.

3. **Christ Liberty Assembly** christlibertyassembly.org.ng
   - Built a website for Christ Liberty Assembly, featuring key sections such as a sermons page, gallery, articles page with individual article sharing options, and search functionality for filtering articles by title and sermons by title or preacher.

4. **Macmy Multifarious Limited** – (Spec Project) macmaygroup.netlify.app
   - Designed and developed a comprehensive website for Macmay Multifarious Company, focusing on investment opportunities, agricultural projects, and food production services.

OTHER PROJECTS

- Living Waters
- Albert Interiors
- Social Media Website
